Security.Improved

Uniquely, with full-time employed expert auditors, NSI as an independent, not-for-profit Certification Body, provides specialist certification services to the Fire and Security industries, sets the highest standards and operates the most robust audit regimes.

NSI's principal schemes are accredited by the United Kingdom Accreditation Service (UKAS).

NSI has been protecting end user interests in this way for over forty years. Large and small alike; Companies maintaining Gold approval with NSI rank among the most professional and trustworthy businesses in the security industry, and ensuring that their representatives visiting and/or stationed at end user are both highly competent and security vetted.

## NSI Gold Schemes

<b>NSI NACOSS Gold</b>	<p><u>NSI Gold Schemes comprise compliance to NSI's comprehensive 3-dimensional audit regime:</u></p> <ol style="list-style-type: none"> <li>1. NSI Regulations: all NSI Approved Companies must be financially viable, must have appropriate current insurances, operate from suitable secure premises, and must security screen customer facing staff to BS 7858, and must be audited annually</li> <li>2. Relevant British and International Product standards and Codes of Practice</li> <li>3. Relevant British and International Quality Management Standards - BS EN ISO 9001</li> </ol>
<b>ARC Gold</b>	
<b>Fire Gold</b>	
<b>Life Safety Fire Risk Assessment Gold</b>	
<b>Guarding Gold</b>	
<b>Cash Services Gold</b>	
<b>Occupational Health and Safety</b>	For Approved Companies who have invested in the additional certification to BS OHSAS 18001
<b>Environmental Management Systems</b>	For Approved Companies who have invested in the additional certification to BS EN ISO 14001

## NSI Silver Schemes

<b>Systems Silver</b>	<p><u>NSI 'Silver' Schemes</u></p> <p>As above but without Quality Management System Approval</p>
<b>Fire Silver</b>	
<b>Life Safety Fire Risk Assessment Silver</b>	
<b>Guarding Silver</b>	
<b>Cash Services Silver</b>	

## Other Schemes

<b>SIA Approved Contractor Scheme (ACS)</b>	<p>NSI provides ACS assessment as a Security Industry Authority (SIA) recognised Assessing Body.</p> <p>Alternatively NSI Guarding* Gold approved companies can choose the Passport option, whereby they can be granted ACS status by virtue of their NSI Gold approval.</p>
---	--

**Footnote:** \* =providing services for Security Guarding, CCTV, Door Supervision, Key holding and Cash and Valuables in Transit services.

# NSI NACOSS GOLD Regional Directory

The NSI NACOSS Gold Regional list is divided up into police force areas. Within a given police force area, the list shows the names (with brief contact details) of:

- i) those installers having an office situated within the geographical boundary of the particular police force area, plus
- ii) those other installers who have declared to NSI that:
  - a) they install within the particular police force area, and
  - b) they comply with the local police policy, and
  - c) they have made application to the local police under the police Electronic Security Systems Policy.

## **NOTE 1: *Police acceptance***

**Listing of an installer in the NSI NACOSS GOLD Directory must not be relied upon as guaranteeing that the installer has been or is currently acceptable to the local police for the transmission of security system messages.**

## **NOTE 2: *Order of listing***

Within each police force area, the installers are sorted first by postal town, then by 'outward' postcode (ie: the first half of the postcode) and lastly alphabetically by name of company. This enables installers within a particular town (or part of a town) to be easily identified.

## **NOTE 3: *Mode of use***

The Association of Chief Police Officers of England, Wales, and Northern Ireland recommends to members of the public who are prospective customers of an electronic security system installer that they should ask the company representative to provide them with a list of police rules for occupiers of premises with electronic security systems, and also with written confirmation that the electronic security system and the company are currently acceptable to the local police for the transmission of security system messages from new installations.

NSI suggests that customers in Scotland, Channel Islands and the Isle of Man requiring a police-calling electronic security system should also check with the installer to ensure that the company is acceptable to the local police for the transmission of security system messages from new installations.

### **Accuracy of Information**

Whilst NSI has tried to ensure the accuracy of this publication, it cannot accept responsibility for any errors, omissions, misstatements, or mistakes. Any Approved Company or other recipient of this publication who becomes aware of any such matters is requested to notify NSI in writing or email at [nsi@nsi.org.uk](mailto:nsi@nsi.org.uk).
