ENGINEERS of **Tomorrow**

The UK Security Skills Challenge
for Young Engineers & Apprentices

**Are you the next
engineer of tomorrow?**

www.ifsec.co.uk/tomorrow

In association with:

Sponsored by:

Organised by:

Test your skills and compete in the **Engineers of Tomorrow: The UK Security Skills Challenge for Young Engineers & Apprentices**

At the heart of the security industry, sponsored by **CSL Dualcom**, and in association with **Skills for Security**, **NSI** and the **SSAIB**, with equipment supplied by **Texecom & RISCO**, the **Engineers of Tomorrow UK Apprentice and Young Engineers Challenge 2013** will test key installation skills of young talent within the industry.

Fantastic first, second & third prizes are on offer, including a seat at the **Security Excellence Awards** in **October 2013**, where you'll collect your prize in front of more than 1,000 people.

Win a
£1,000
cash prize

WHY SHOULD YOU ENTER?

Not only will the first, second and third place winners receive fantastic prizes you'll also have the opportunity to gain industry acclaim by demonstrating critical assessment, installation skills and knowledge in front of an audience of experts and security professionals. The winning pair will receive a £1000 cash prize and a seat at the prestigious Security Excellence Awards 2013!

BENEFITS FOR YOUR EMPLOYER

- ★ Get recognition and exposure for your company across the four days at IFSEC International, attracting more than 24,000 visitors across the fire and security industry
- ★ Coverage at the Security Excellence Awards 2013, attracting more than 1,000 of the security industry's finest

This could be your employee

BENEFITS FOR THE APPRENTICE OR YOUNG PERSON

- ★ Credits towards your NVQ portfolio
- ★ Kudos with your peers as the holder of the Engineer of Tomorrow title
- ★ A seat at the Security Excellence Awards 2013
- ★ £1,000 in cash
- ★ More fantastic prizes!

You'll be collecting your prize here!

WORKING IN A PAIR, YOU'LL HAVE TO:

- ★ Complete a short written test covering European Standards
- ★ Critically assess and re-commission an installed intruder alarm system in line with EN standards, completing the assessment or getting as far as you can in 90 minutes
- ★ Install extra detecting equipment

HOW IS IT ASSESSED?

You'll be scored by representatives from the security inspectorates who will allocate points against each discipline, taking into account the different skills required.

WHAT DO APPRENTICES NEED TO BRING?

All participants should ensure that they bring their toolbox with them. Drills, ladders, and additional equipment will be supplied. Appropriate clothing must be worn on the day.
