

RJ/KL/NSI 010 19

04 March 2019

To: All NSI Approved Companies

Dear Colleague,

A PERSONAL INVITATION TO THE NSI SUMMIT - 21ST MARCH AT THE VOX IN BIRMINGHAM

I am writing this personal invitation to the 2019 NSI Summit, the occasion where NSI industry stakeholders, approved companies and suppliers come together to 'look and learn' from formal and informal networking with fellow security and fire industry colleagues, all committed to the delivery of high standards for end users and the wider public.

We are in the midst of a roll out of many revisions in standards reflecting the immense work across the industry in realising the benefits of new technology for the industry's customers, yet in a managed way that ensures integrity. At the same time, it's clear from media reports the key role further standards and certification can play when applied wisely and in the common interest.

The 2019 NSI Summit is a unique opportunity to showcase relevant new technologies, new thinking and evolving standards relevant to NSI approved companies and stakeholders – together an NSI community – continuing the process of raising standards in the industry for the greater good.

A not-to-be missed day in the calendar - I would be delighted if you could join me.

Please register to attend at www.nsisummit.co.uk. I very much look forward to seeing you on the day.

Yours sincerely,

Richard Jenkins
Chief Executive
